General Information

What kind of access will I get and for how long?

Team plans provide full and unlimited access for up to five users to Good Future's platform for 12 months. Available content & tools include: the fortnightly Good Futures newsletter and associated articles, the Paradigm Shift reports, the Inspiration Safaris, the content archive. All users must have the same company email domain & full content can only be shared amongst those who have an active account.

Pro plans provide all the features of Teams for up to five users, plus the addition of a one-week innovation sprint led by Good Innovation. The one-week sprint is designed to help you explore the implications of a Paradigm Shift report.

Accounts will be activated upon issuing of the invoice, and access will run for 12 months from that point.

Can I change, edit or (internally) incorporate Good Futures' content?

Yes, you can. In fact, we hope you will! The content in the subscription is ready for you to use 'as is' but has been designed to spark thinking - it can be incorporated, amended, tweaked and reshuffled.

Can I distribute Good Futures content outside my charity?

If you do use Good Futures content in externally you must **always** state the source ("goodfutures.co.uk"); both verbally and written (the latter by always incorporating Good Futures as a source on blog posts, slides, in PDFs, videos and so on).

However, we hope you understand that you can **never** resell or repackage the articles, newsletters, safaris or reports (slides, text and videos) in any possible way without our written consent. The same goes for presenting our content to an external, **paying** audience (industry conferences, paid workshops etc.).

How does the one-week sprint work?

Sprints are designed around the Paradigm Shift report as the start point. The sprint week is facilitated by Good Innovation and, working with a team from your organisation, help you explore the implications of the specific trend.

Who can access my Good Futures account?

Our Lite account provides single user access to our content archive, safaris and reports.

Our Team and Pro plans provide full and unlimited access for up to 5 users. Please note that all users must have the same company email domain and full content can only be shared amongst those named users on the account.

Can someone else attend the live safari sessions in my place?

Yes. On the Lite plan you can delegate your attendance to one other person from your organisation. For Teams and Pro, each user can delegate their attendance to one other person from their organisation.

Can I get a refund if Good Futures doesn't meet my expectations?

Yes! If you feel the newsletters, articles, reports, and features really don't deliver on what we've been promising, then just let us know within **four weeks** of your purchase and we will refund you in full.

If you have any doubts, please contact us at GoodFutures@goodinnovation.co.uk

Can I subscribe to the Good Futures for a month at a time?

Purchasing access to Good Futures means you buy access to all our trend content and archive. We charge a one-time, all-inclusive price which is billed annually. The nature of the service means that clients get the best out of the service when they use it over the course of a year.

The Paradigm Shift reports are supported by ongoing 24/7 access to the archive and inspiration safaris, which in turn are supported by the fortnightly Good Futures trend update. It is therefore not possible to buy just parts of the service, or just one month (or a few months) of access.
